

**Up42 Platform Terra SAR-X sample archive data user license
(hereinafter referred to as “LICENSE”)**

1. General:

Subject to End-User compliance with the terms and conditions of the applicable “Up42 Platform terms and conditions”; AIRBUS Defence and Space GmbH (“Airbus”) -as Third Party Content provider - grants to the End-User a non-exclusive, non-sublicensable, non-transferable, limited, license to use the TerraSAR-X sample archive data as follows:

For the purposes of this LICENSE, the term “DERIVATIVE WORKS” refers to any products or information, developed by the End-User from the TerraSAR-X data as well as any products created from TerraSAR-X data but which do not contain any original imagery data in an “as-is” format. It also refers to any products which are irreversible and uncoupled from the source data and in which the TerraSAR-X origin is not recognizable. Digital Elevation Models (DEM) extracted from TerraSAR-X data (in any form whatsoever, i.e. databases) will be considered as derived products and not as DERIVATIVE WORKS.

2. Permitted Uses:

End-User is granted the right for the Permitted Uses specified in this Article 2.1

- e) to post a screenshot and derived products as browse images or equivalent to internet web sites, provided that the End-User visually affixes the credit as indicated in Article 4 below;
- f) to make copies of the TerraSAR-X sample archive data including archival copies and routine computer backups;
- g) to install the TerraSAR-X sample archive data and any derived products on as many individual computers as needed in its premises, including internal computer network;
- h) to install and store the TerraSAR-X sample archive data and any derived products on electronic storage devices;
- i) to publish the TerraSAR-X sample archive data and /or any derived products as hardcopy prints/media, digital screen captures, and in presentations provided that the End-User visually affixes the credit as indicated in Article 4 below.

3. Prohibited Uses:

Except to the extent that applicable law prohibits or overrides these restrictions or as provided elsewhere in this LICENSE, the End-User is prohibited

- j) to reverse engineer, decompile or disassemble the TerraSAR-X sample archive data;

- k) to receive fees or any other kind of remuneration for TerraSAR-X sample archive data;
- l) to provide third parties with direct access to the TerraSAR-X sample archive data and/or DERIVED PRODUCTS so that any third party (i) may use the PRODUCT independent of the Up42 Platform, or (ii) that any TerraSAR-X sample archive data -based processing could be made outside the Up42 Platform;
- m) to sublicense, disseminate, sell, rent, lease, lend, time-share or assign the TerraSAR-X sample archive data, and/or derived products or parts thereof to a third party;
- n) to remove, alter or obscure any Airbus or its licensor's patent, copyright, trademark, proprietary rights notices and or legends contained in or affixed to any TerraSAR-X sample archive data and/or derived products, metafile data, etc.;
- o) to publish, distribute or transfer in any way the digital format of TerraSAR-X data.
- p) to do anything not expressly permitted under Article 2

All rights not expressly granted in this LICENSE are hereby retained by AIRBUS and its licensors.

4. Credits

TerraSAR-X sample archive data delivered to the End-User remains the property of the Federal Republic of Germany represented by the Deutsche Zentrum für Luft-und Raumfahrt e. V. (DLR).

TerraSAR-X sample archive data and any derived products are the intellectual property of AIRBUS.

AIRBUS reserves all intellectual property rights not expressly granted to the End-User acc. Art. 2.
