2. Ownership

You have no ownership rights in the Software. Rather, you have a license to use the Software as long as this License Agreement remains in full force and effect. Ownership of the Software, Documentation and all intellectual property rights therein shall remain at all times with Licensor. Any other use of the Software by any person, business, corporation, government organization or any other entity is strictly forbidden and is a violation of this License Agreement.

All rights not granted to you herein are reserved to Licensor. You may not remove any proprietary notice of Licensor from any copy of the Software or Documentation.

4. Restrictions.

This License Agreement is your proof of license to exercise the rights granted herein and must be retained by you. You must protect the Software and Documentation consistent with Licensor's rights therein, including informing persons who are permitted access thereto in order to satisfy your obligations hereunder and maintain the confidentiality of the Software and Documentation. You may not publish, display, disclose, rent, lease, modify, loan, distribute, or create derivative works based on the Software or any part thereof. Upon notification of termination, you agree to destroy or return to Licensor all copies of the Software and Documentation and to certify in writing that all known copies, including backup copies, have been destroyed.
